

Memory Card Game

How to play

- All cards facing down
- Flip two cards and see if they match
- If they don't proceed to the next pair
- If they do keep them open
- When all matching pairs are open, You Win!
- Train visual memory skills

Future iterations

- Make the user to input number of cards
- Keep track of the time the user took
- Make a scoreboard for the time and attempts
- Make it a multiplayer game
- Make it so you can play against a computer
